

Dear participant,

We contact you to inform about important information related to your participation in Eco Rallye Renomar de la Comunitat Valenciana 2022.

As you probably know, Morella will be the town where the Race Control and the Parc Fermé will be located. Around 11 km away from there, you can find the official recharge points located in a wind farm. These points will be able to use on Thursday 3 March from 10.00h as you can see in Bulletin Nr.3.

In case you arrive to Morella before that date and you need to charge your car, you can do it a public point. In the following link there is a map with the nearest points to Morella: www.myrecarga.es/puntos-de-recarga/. In order to streamline the recharges, we ask that you please arrive at the recharges point with as much energy as possible. It will be mandatory to bring with you a cable Type 2/C.

Regarding to the administrative checks and the technical scrutineering, we have made a change. Finally the administrative checks and the Race Control will be located in Calle de Segura Barreda, 28, 12300 Morella, as you can see in Bulletin Nr.2. The Parc Fermé and the technical scrutineering will remain in the same place specified in the Supplementary Regulations and the Official Schedule, as you can see in Bulletin Nr.1.

On Thursday, 3rd March, after the scrutineering, the organization team along with local council has planned a free guided tour in both English and Spanish to visit the old town. Please, if you want to join, the meeting point will be located in Calle de Segura Barreda, 28 (Race Control).

This year, as a novelty, we offer a free service of luggage transfer from Morella to Castellón, where the Parc Fermé will be. In order to be able to use this service you

will deposit your luggage in a specific point located in the Parc Fermé on Friday before the roadbook delivery. On that point, you will find a member of the staff who identify your belongings to facilitate the collection in Castellón.

On Saturday, the organization wants to regain an initiative pre-pandemic. All the participants will be invited that day to have a lunch during the intermediate recharge in Hotel Luz (located 100 metros from the Parc Fermé). During the lunch we kindly ask to show your accreditation in a visible spot. For all those who want to bring a guest, they should prior notice the the organization since would have an additional cost of 26 euros.

Finally, on Sunday to celebrate the end of the eco rallye, we have organized a special show cooking with Miguel Barreda, local chef of Cal Paradis Restaurant, awarded with a Michelin Star. After the end of the recharges all the teams will go to an address provided previously, there everybody will be able to enjoy the local gastronomy.

We are to your entire disposition for anything you need. We are waiting for you all!
